Dear Mr Egerton,

Thank you for your e-mail. Whilst I recognise your interest in the matters addressed in my report I was appointed by and report to the Commissioning Organisations. Therefore, I do not consider it is appropriate for me to make any further comment.

I will send a copy of this response to the Commissioning Organisations.

Yours sincerely,

Dominic Adamson QC

Subject: Fwd: The Grampound Road Review

Dear Mr Adamson

I wrote to you on 4 August to point out the discrepancy between Cath Robinson, M.D. of Corserv, saying to you that she was not aware of a particular email (appendix C of your report) before she wrote to the HSE in September 2019, and the fact that I had provided her with a copy of that email in my meeting with her. I had also provided you with a copy of papers that I provided to Ms Robinson in my initial email to you on 21 February. I had hoped that you would provide an explanation of how you concluded that Ms Robinson was honest with you when all the evidence points to the fact that she lied to you. However, you chose not to respond to me.

I wrote to Ms Robinson again last week asking her to try to explain the discrepancy (see attached email). She has not replied to me. Instead the Corserv company secretary sent me the email below.

Would you please confirm that you have looked again at this matter and explain to me whether or not you think Ms Robinson was honest with you when she said that she had not seen the email in appendix C of your report?

Yours sincerely
Bob Egerton
